“Day in the Country” Friday, August 20

A different perspective!

Do you daydream of spending a day in a lovely country garden setting with original 1870's homestead buildings? Just for fun, plan one fun-filled day to attend our Day in the Country.

Can you picture yourself in our beautiful country setting with wish-you-were-here views of the Rocky Mountains on the horizon and our lush gardens? Even those without a green thumb can enjoy the Day we have planned for you. This year our Day in the Country is all about the Fruits (and Veggies) from the garden and we will continue that theme on Saturday.

Who wouldn't love a garden that doubles as a habitat for hummingbirds and butterflies? This same delightful garden doubles as a place to draw inspiration for our annual Quilting in the Country “Day in the Country.”

*“I would prefer the
delights of a garden to the
dominion of a world.”
—John Adams
(1735-1826)*

This day will be filled with pleasure as you are enveloped by the view of the Bridger Mountain Range and the closeup delight of the beauty of our original homestead site.

We'll bring the garden to the table with lunch featuring fresh produce from the garden. The garden inspired food will delight you and provide you with inspiration for your own summer garden menu. Amidst the day's activities you'll learn about preserving a sampling of garden produce.

We're all about simplifying life. Learn to make four different projects with your own two-hands! In addition to that you'll be treated to one the freshest lunches ever-straight from the garden. Learn which flowers are edible and delight in a colorful collage of fresh grown garden delights.

Moving from one mini class to another you will enjoy learning four different techniques which will please you for years to come. The four classes are: Pocket of Posies Bag, Felted Veggies, Garden Mosaic, and Proud Pumpkin towels all described on the next page.
